

Call for Book Chapters/Research Papers for Edited Book

To be published with ISBN under IIP International Publishers, USA & India

Futuristic Trends in Block Chain Applications

Series Editors

Md. Iqbal
Associate Professor
Computer Science & Engineering
Meerut Institute of Engineering & Technology
Meerut, Uttar Pradesh, India

Muruganantham Balakrishnan
Assistant Professor, Computer Science
SRM Institute of Science and Technology
Kattankulathur, Tamil Nadu, India

Shailesh Shetty S
Assistant Professor
Computer Science and engineering
Sahyadri College of Engineering & Management
Mangaluru, Karnataka, India

Book series ID:

IIP_V2_2022_BS_19_01

Iterative International Publishers

Novi, Michigan, USA
Chikkamagaluru, Karnataka, India

Imprint IIP

Registered publisher under Rajaram Muhan Roy Agency,
Government of India and also under Bowker My identifiers
agency, USA

Important dates:

Chapter submission portal opens on 20th June 2022

Last date for chapter submission: 21st August 2022

Chapter review status notification: parallel process till
30th August 2022

Last date for registration: 15th September 2022

Call for Chapters

Futuristic Trends in Block Chain Applications

Book series ID: IIP_V2_2022_BS_19_01

Submit chapter at: www.iiproceedings.org

Last date for chapter submission: 21st August 2022

Publication month: September - October 2022

AIM & SCOPE

Among the scientific community, blockchain and AI are seen as a promising combination that will transform the production and manufacturing industry, media, finance, insurance, e-government, etc. Nevertheless, there is no consensus with schemes or best practices that would specify how blockchain and AI should be used together. Combining blockchain mechanisms and artificial intelligence is still a particularly challenging task.

This book series is devoted to promoting the investigation of cutting-edge blockchain technology, to exploring the latest ideas, innovations, guidelines, theories, models, technologies, applications and tools of blockchain and AI for the industry, and to identifying critical issues and challenges that researchers and practitioners must deal with in future research. We want to offer researchers and practitioners the opportunity to publish their developments in this area.

Technologies and Techniques

1. Key and innovative theories, methodologies, schemes and technologies of blockchain and AI
2. Architectures and platforms for blockchain and AI
3. Blockchain and AI for Big Data
4. Blockchain and AI for Multi-Agent systems
5. Blockchain and AI for the Internet of Things
6. Blockchain and AI in 5G
7. Sensors and devices for blockchain
8. Distributed consensus mechanisms (PoW, PoS, PoE...)
9. Encryption algorithms
10. Fault tolerance mechanisms
11. Other distributed ledger technologies
12. Cloud, fog, and edge computing approaches for blockchain
13. Blockchain standardization issues
14. Platforms for smart contracts
15. Side-chain and cross-chain systems
16. Anonymity and privacy in blockchain
17. Malicious transactions detection
18. 4th and 5th generation blockchain

Applications

1. Blockchain and AI enabled new business models and applications
2. Blockchain and AI for e-commerce
3. Blockchain and AI for logistics and transportation
4. Blockchain and AI for supply chain management
5. Blockchain and AI for product life cycle
6. Blockchain and AI for knowledge and innovation management
7. Blockchain and AI for agriculture
8. Blockchain and AI in eHealth
9. Applications of cryptocurrencies
10. Blockchain as a Tamper-Proof Technology
11. Application of smart contracts
12. Blockchain Governance and Human Rights
13. Applications of blockchain and AI in other domains.
14. Use-cases of blockchain and AI in Industry 4.0, banking, etc.
15. Blockchain and AI for fintech
16. Blockchain and AI for insurtech

Author Benefits

1. Selected chapters (not all) will be indexed in RSquareL and other indexing platforms including Amazon, Google Books etc.
2. Publication of chapter in book series with ISBN / ISSN
3. Publishing in IIP Proceedings Digital Library with DOI
4. Open access mode of publication in IIP Digital library
5. Optimised searching options to increase the visibility of the work to readers and other researchers which helps in citations
6. Unique **dashboard** to Author
7. Easy paper / chapter management system with transparency of the process including peer review
8. Adds points to API as per NAAC & NBA (India) and other accreditation bodies from abroad
9. One complimentary copy per chapter
10. Certificate to all authors who contributed chapter(s)

Chapter submission procedure:

- Step 1: Go to IIP website www.iiproceedings.org
- Step 2: Register in the portal by clicking on Signup
- Step 3: You can submit chapter at your dashboard or directly through IIP website after you login
- Step 4: Click on "submit chapters"
- Step 5: Select the book series title along with **Book Series ID** to which you wish to submit
- Step 6: Upload all necessary details along with your chapter in word file format. Refer "IIP Chapter format" at download in IIP Website

Support from IIP to the Editors & Authors

- Reviewing support from IIP Reviewers
- Plagiarism checking service through Turnitin
- Submission management
- Registration management
- Individual dashboard

For any queries

Contact: +91-6363066253

Mail us: info@iiproceedings.org

Registration fee: USD 40 INR.2000/- which includes processing fee with all above mentioned supporting services, Certificate hard copy to all authors, one complimentary copy of the book series per registration.
