Futuristic Trends in Management

AIM & SCOPE

Management is an art of getting things done through and with the people in formally organized groups. It is an art of creating an environment in which people can perform and individuals and can co-operate towards attainment of group goals.' Management Study HQ describes Management as a set of principles relating to the functions of planning, organizing, directing and controlling, and the application of these principles in harnessing physical, financial, human and informational resources efficiently and effectively to achieve organizational goals. A good management is the backbone of all successful organizations. And to assist business and non-business organizations in their quest for excellence, growth and contribution to the economy and society, Management Book Series covers research knowledge that exists in the world in various management sectors of business through peer review chapters. This book series helps company leaders and key decision-makers to have a clear, impartial, and data-driven perspective of how factors will impact the economy moving forward and to know what they should be doing in response.

This book series covers below concepts (but not limited to)

General Management
Marketing
Information Technology & Library
Finance
Business
Human Resources
Operations
International Business
Entrepreneurship
Business Ethics
Corporate Social Responsibilities
Public Policy
Tourism & Hospitatlity
