# Regenerative Supply Chain in Agriculture

### Aims and Scope:

The aim of the book on Regenerative Supply Chain in Agriculture is to provide a comprehensive exploration of sustainable and regenerative practices within the agricultural supply chain. It seeks to unravel innovative strategies that promote ecological resilience, biodiversity conservation, and soil health while ensuring economic viability for farmers and stakeholders. The scope encompasses a holistic view of the agricultural supply chain, from farm to market, integrating regenerative principles to foster environmental stewardship, social responsibility, and economic sustainability. By delving into regenerative agriculture, circular economy principles, and transformative supply chain practices, this book aims to offer insights that empower stakeholders to contribute to a more sustainable and resilient future for agriculture
