Soil Pollution and its Removal Techniques

Aim & Scope

One of nature's most significant and priceless resources is soil. Without healthy soil, life on Earth would not be possible. Human food comes from the soil in 95% of cases. Planning for a productive and healthy soil is crucial to human survival. Changes in soil quality result from the introduction of materials, living things, or energy. Because of this issue, the soil is altered from its original state. This book aims to summarise the current state of knowledge regarding soil pollution, as well as to identify the major pollutants and their sources that have an impact on both human health and the environment. A particular focus will be placed on removal of pollutants that are present in soil systems and that find the way by humans via the food chain

Author Benefits:

1. Selected chapters (not all) will be indexed in RSquareL and other indexing platforms including Amazon, Google Books etc.
2. Publication of chapter in book series with ISBN / ISSN
3. Publishing in IIP Proceedings Digital Library with DOI
4. Open access mode of publication in IIP Digital library
5. Optimized searching options to increase the visibility of the work to readers and other researchers which helps in citations.
6. Unique dashboard to Author
7. Easy paper/chapter management system with transparency of the process including peer review
8. One complimentary copy per chapter
9. Certificate to all authors who contributed chapter(s)

Chapter submission procedure :

- Step 1: Go to IIP website www.iipseries.org
- Step 2: Register in the portal by clicking on Signup
- Step 3: You can submit chapter at your dashboard or directly through IIP website after you login
- Step 4: Click on “submit chapters”
- Step 5: Select the book series title along with **Book Series ID** to which you wish to submit
- Step 6: Upload all necessary details along with your chapter in word file format. Refer “IIP Chapter format” at download in IIP Website

Support from IIP to the Editors & Authors

- Reviewing support from IIP Reviewers
- Plagiarism checking service
- Submission management
- Registration management
- Individual dashboard
