### AIM & SCOPE

Edited Book titled Trends in Contemporary Mathematics & Applications provides an excellent international platform for academicians, and researchers around the world to publish their research and to exchange ideas on recent developments in Contemporary Mathematics & Its Applications. IIP invites researchers to submit articles for consideration. Its goal is to support researchers through the dissemination of information, research findings, and practice. This book facilitates the publication of original articles, reports of professional experience, comments, and reviews. The target audience includes researchers, academics, teachers, postgraduate and undergraduate students, and faculties of higher educational establishments and other academic institutions. We invite submissions from the relevant topics include, but are not limited to, the following

- Algebra and its applications
- Analysis and approximation theory
- Differential equations and its applications
- Discrete mathematics
- Fixed point theory
- Fractals
- Fuzzy optimization
- Image processing
- Real and complex analysis
- Numerical analysis, number theory
- Optimization
- Probability
- Statistics and stochastic processes
- Theory of computation
- Computational fluid dynamics
- Graph theory
- Cryptography and information theory
- Noncommutative algebra via deformation theory
- Optimal transportation
- Nonlinear potential theory
- Kinetic theory and gas dynamics
- Geometric numerical integration
- Finite simple groups of small essential dimension,
- Optimal control problems
- Extended dynkin diagrams
- Spin glasses
- Boltzmann systems
- Birational geometry of projective varieties and directed graphs
- Nonlinear diffusion
- Geometric constructions of external metrics on complex manifolds
- Pell's equation in polynomials

### Author Benefits

1. Peer reviewed publication
2. Selected chapters will be indexed in RSquareL and other indexing platforms including Amazon, Google Books etc.
3. Dual mode publication (One as an edited book with ISBN and another one as a Journal paper with ISSN)
4. DOI allotment to each chapter
5. Open access mode of publication in IIP Digital library
6. Optimised searching options to increase the visibility of the work to readers and other researchers which helps in citations
7. Unique dashboard to Author
8. Easy paper / chapter management system with transparency of the process including peer review
9. Adds points to API as per NAAC & NBA (India) and other accreditation bodies from abroad
10. One complimentary copy per chapter registration
11. Certificate to all authors who contributed chapter(s)

### Chapter submission procedure:

- Step 1: Go to IIP website [www.iipseries.org](http://www.iipseries.org)
- Step 2: Register in the portal by clicking on Signup
- Step 3: You can submit chapter at your dashboard or directly through IIP website after you login
- Step 4: Click on **submit chapter for edited book**
- Step 5: Select the book series title along with **Book Series ID** to which you wish to submit
- Step 6: Upload all necessary details along with your chapter in word file format. Refer **IIP Paper format** at download in IIP Website

### Support from IIP to the Editors & Authors

- Reviewing support from IIP Reviewers
- Plagiarism checking service
- Submission management
- Registration management
- Individual dashboard
