## Call for Chapters

# Disruptive Technologies and the Law: Navigating Legal Challenges in an Era of Innovation

### Aims and Scope:

We are pleased to invite contributions for an upcoming edited book titled “Disruptive Technologies and the Law” which will be published by a reputed publisher. This book aims to provide a comprehensive and cutting-edge exploration of the latest developments, challenges, and breakthroughs presented the emergence of Disruptive Technology. The Editors view Disruptive Technologies as innovations that significantly alter or revolutionize existing industries, markets, and paradigms by introducing new products, services, or processes that challenge the status quo and displace established technologies. In an era defined by unprecedented technological advancements, the intersection of disruptive technology and the legal landscape has emerged as a critical area of study and exploration. We are pleased to introduce our forthcoming edited book, titled “Disruptive Technologies and the Law: Navigating Legal Challenges in an Era of Innovation”, which delves into the intricate relationship between transformative technologies and the legal frameworks that govern them. The Editors intend for the book to examine, explore, and provide potential legal solutions to problems that these technologies present. We welcome original contributions addressing a wide spectrum of topics related to Disruptive Technologies and their interaction with the law. Chapters may involve a thorough examination based on but not limited to the following broad themes.

#### List of Topics:

- Introduction to Artificial Intelligence as a Disruptive Technology - Setting the legal agenda:
- Interaction of Disruptive Technology and Intellectual Property:
- Disruptive Technology and Corporate Laws and Governance:
- Disruptive Technology, Privacy, and Data Protection Laws:
- Disruptive Technology and Criminal Law – opportunities in, challenges posed by, and impact of Disruptive Technology on:
- Disruptive Technology, Human Rights, and the Constitution:
- Disruptive Technology and International Law – Challenges and issues arising out of new technology impacting established principles
- Disruptive Technology – Jurisprudential, Ethical, and Moral Questions and Solutions

The above issues are merely indicative in nature and the Authors are encouraged to also explore interdisciplinary, cross disciplinary, and trans-disciplinary issues that may involve combining two or more of the above areas. The Authors may also consider other emerging themes and issues, challenges, theoretical frameworks, that reflect on the current and future trends in disruptive technologies and their interface with the law.

#### Author Benefits:

1. Selected chapters (not all) will be indexed in RSquareL and other indexing platforms including Amazon, Google Books etc.
2. Publication of chapter in book series with ISBN / ISSN
3. Publishing in IIP Proceedings Digital Library with DOI
4. Open access mode of publication in IIP Digital library
5. Optimized searching options to increase the visibility of the work to readers and other researchers which helps in citations.
6. Unique dashboard to Author
7. Easy paper/chapter management system with transparency of the process including peer review
8. One complimentary copy per chapter
9. Certificate to all authors who contributed chapter(s)
