Introduction to Fiber Reinforced Plastic Composites

Aims and Scope:

Fiber Reinforced Plastic (FRP) composites have emerged as versatile and high-performance materials that combine the desirable properties of both fibers and plastics. This chapter provides a comprehensive introduction to the world of FRP composites, exploring their origins, evolution, and key applications across various industries. The future of FRP composites is shaped by ongoing research and technological advancements. This section highlights emerging technologies, such as additive manufacturing, smart materials, and nanocomposites, that have the potential to further enhance the performance and applications of FRP composites.

List of Topics:

- Recent trends in FRP composites
- Challenges and Future Trends in FRP composites
- Environmental Considerations while using in FRP composites
- Emerging Technologies in fabrication of FRP composites
- Global Trends and Market Outlook

Additional Content: FRP composites are not just materials; they are a catalyst for innovation. Embrace the future with us as we navigate the evolving landscape of Fiber Reinforced Plastic Composites. Join the revolution – where strength meets flexibility, and possibilities are limitless.

Author Benefits:

1. Selected chapters (not all) will be indexed in RSquareL and other indexing platforms including Amazon, Google Books etc.
2. Publication of chapter in book series with ISBN / ISSN
3. Publishing in IIP Proceedings Digital Library with DOI
4. Open access mode of publication in IIP Digital library
5. Optimized searching options to increase the visibility of the work to readers and other researchers which helps in citations.
6. Unique dashboard to Author
7. Easy paper/chapter management system with transparency of the process including peer review
8. Adds points to API as per NAAC & NBA (India) and other accreditation bodies from abroad
9. One complimentary copy per chapter
10. Certificate to all authors who contributed

Chapter Submission Procedure:

- Step 1: Go to IIP website www.iipseries.org
- Step 2: Register in the portal by clicking on Signup
- Step 3: You can submit chapter at your dashboard or directly through IIP website after you login
- Step 4: Click on submit chapters
- Step 5: Select the book series title along with **Book Series ID** to which you wish to submit
- Step 6: Upload all necessary details along with your chapter in word file format. Refer IIP Chapter format at download in IIP Website

Support from IIP to the Editors & Authors

- *Reviewing support from IIP Reviewers
- *Plagiarism checking service
- *Submission management
- *Registration management
- *Individual dashboard
