CHEMISTRY REVOLUTION

Aims and Scope:

The primary aim is to facilitate the creation of a comprehensive and innovative resource that captures the dynamic and transformative nature of contemporary advancements in the field of chemistry. This book seeks to be a trailblazer in the realm of scientific literature, providing a platform for cutting-edge research, revolutionary methodologies, and paradigm-shifting discoveries. Our goal is to showcase the evolving landscape of chemistry, encompassing interdisciplinary collaborations, emerging technologies, and the profound impact of chemistry on diverse scientific, industrial, and societal domains. The scope of "Chemistry Revolution" is broad and inclusive, covering a spectrum of topics ranging from fundamental principles to the most recent breakthroughs. Encompassing organic, inorganic, physical, and analytical chemistry, as well as biochemistry and materials science, the book aims to foster a holistic understanding of the subject. Additionally, the scope extends beyond traditional boundaries to embrace the interdisciplinary nature of modern research, exploring the intersections between chemistry and other scientific disciplines, such as biology, physics, and environmental science. By assembling contributions from leading experts worldwide, "Chemistry Revolution" strives to be a valuable reference for researchers, educators, and students alike, promoting a deeper appreciation for the pivotal role of chemistry in shaping the future of science and technology.

List of Topics:

- Current trends in Pharmaceutical Chemistry
- Drug designing
- Green Chemistry
- Organic Chemistry comprehension
- Analytical tools for deciding the authentication of the designed molecule
- Isolation of the natural products and their Synthesis
- Nanomaterials
- Spectroscopy a chemical weapon to look insight of the molecule
- Industrial Chemistry
- Heterocyclic Chemistry
- Medicinal Chemistry
- Computational Chemistry

Author Benefits:

1. Selected chapters (not all) will be indexed in RSquareL and other indexing platforms including Amazon, Google Books etc.
2. Publication of chapter in book series with ISBN / ISSN
3. Publishing in IIP Proceedings Digital Library with DOI
4. Open access mode of publication in IIP Digital library
5. Optimized searching options to increase the visibility of the work to readers and other researchers which helps in citations.
6. Unique dashboard to Author
7. Easy paper/chapter management system with transparency of the process including peer review
8. Adds points to API as per NAAC & NBA (India) and other accreditation bodies from abroad
9. One complimentary copy per chapter
10. Certificate to all authors who contributed

Chapter Submission Procedure:

- Step 1: Go to IIP website www.iipseries.org
- Step 2: Register in the portal by clicking on Signup
- Step 3: You can submit chapter at your dashboard or directly through IIP website after you login
- Step 4: Click on submit chapters
- Step 5: Select the book series title along with **Book Series ID** to which you wish to submit
- Step 6: Upload all necessary details along with your chapter in word file format. Refer IIP Chapter format at download in IIP Website

Support from IIP to the Editors & Authors

- *Reviewing support from IIP Reviewers
- *Plagiarism checking service
- *Submission management
- *Registration management
- *Individual dashboard
