Sustainable Agriculture, Food and Livestock: Innovation and Insights for the Future

Aims and Scope:

The book titled Sustainable Agriculture, Food and Livestock: Innovation and Insights for the Future is likely designed to address the pressing challenges and emerging solutions in the realm of sustainable agricultural practices, food processing sector and livestock production. The primary aim of the book is to explore innovative approaches and provide insights into achieving sustainability in agricultural practices, food production, and livestock management. The Agriculture, Food Science and Livestock Book series will bring together the leading academicians, scientists, researchers and scholars to share their experiences and research results on various aspects of Agriculture, Food Science and Livestock. In addition, it provides a premier interdisciplinary forum for researchers, practitioners, and educators to discuss and present their expertise thoughts on recent innovations, trends, and concerns related to agriculture, food science, and livestock, as well as practical challenges encountered. The book will also open new doors for the bright future of Agriculture, Food and Livestock sectors. The publication of high-quality contributions describing original and unpublished conceptual, constructive, empirical, experimental, or theoretical work is cordially invited in the field of Agriculture, Food Science and Livestock. It will be helpful for the upcoming researchers in gaining ideas and objectives for their researches in these mentioned fields. The book will also be helpful to academicians which help them in discussing some topics of the curriculum

List of Topics:

- Sustainable Agriculture and Food Production
- Current Trends of Nutraceuticals and Functional Food
- Novel Food Ingredients and Additives
- Food Biotechnology: Enhancing Nutrition and Safety
- Fermentation and Application in Food Processing
- Food Waste: New Approaches to Reduce and Reuse
- Advancements in Livestock Nutrition
- Sustainable Livestock Farming Practices
- Dairy Production: Current Challenges and Innovations
- Integrated Farming System and its Importance
- Innovations in poultry production: farming for the future
- Functional dairy products enriched with plant ingredients
- Millet Based Composite Dairy Food
- Vertical Farming: Agriculture of the Future
- Precision Agriculture: Optimizing Crop Management
- Soil Health and Nutrient Management Strategies
- Hydroponics and Aeroponics: Growing without Soil
- Organic Horticulture: Principles and Practices

Author Benefits:

1. Selected chapters (not all) will be indexed in RSquareL and other indexing platforms including Amazon, Google Books etc.
2. Publication of chapter in book series with ISBN / ISSN
3. Publishing in IIP Proceedings Digital Library with DOI
4. Open access mode of publication in IIP Digital library
5. Optimized searching options to increase the visibility of the work to readers and other researchers which helps in citations.
6. Unique dashboard to Author
7. Easy paper/chapter management system with transparency of the process including peer review
8. Adds points to API as per NAAC & NBA (India) and other accreditation bodies from abroad
9. One complimentary copy per chapter
10. Certificate to all authors who contributed

Chapter Submission Procedure:

- Step 1: Go to IIP website www.iipseries.org
- Step 2: Register in the portal by clicking on Signup
- Step 3: You can submit chapter at your dashboard or directly through IIP website after you login
- Step 4: Click on submit chapters
- Step 5: Select the book series title along with **Book Series ID** to which you wish to submit
- Step 6: Upload all necessary details along with your chapter in word file format. Refer IIP Chapter format at download in IIP Website

Support from IIP to the Editors & Authors

- *Reviewing support from IIP Reviewers
- *Plagiarism checking service
- *Submission management
- *Registration management
- *Individual dashboard
