Livelihoods, Sustainability, and Islamic Economics: A Holistic Approach

Aims and Scope:

The contemporary global landscape is marked by an increasing awareness of the interplay between livelihoods, sustainability, and economic systems. This book comprehensively explores the intersections between livelihoods, sustainability, and Islamic economics by providing practical insights, innovative solutions, and inspiring case studies. It will help to guide individuals, communities, and policymakers seeking to create a future where economic prosperity aligns harmoniously with environmental and social well-being. This book aims to provide a thorough and insightful exploration of the intricate relationships between livelihoods, sustainability, and Islamic economics, offering practical guidance for a more equitable and sustainable future. It bridges the gap between traditional livelihood approaches, sustainability principles, and ethical foundations. And seeks to provide a holistic understanding that can guide policymakers, academics, and practitioners in fostering resilient communities and sustainable economies.

List of Topics:

- The Evolution of Sustainable Livelihood
- Sustainable livelihood Initiatives and projects
- Socio-Economic Disparities
- Environmental sustainability into livelihoods within an Islamic economic framework.
- Balancing Economic Growth and Environmental Conservation
- Importance of Social Equity in Livelihood Practices
- Green Technologies and Renewable Energy
- Sustainable Agriculture and Food Systems in economics of ethics
- Role of education and ethical awareness in sustainable management
- Community-Based Natural Resource Management and ethical consciousness
- Cultural, Behavioral and ethical solutions for Sustainability
- Successful Models of Sustainable Development and ethical management
- Real-world Applications of Sustainable Livelihood Practices
- Principles of Islamic economics, including justice, equity, and socio-economic welfare
- Role of Zakat and charity in addressing economic disparities
- Investments in green projects and microfinance.
- Synergies and areas of complementarity between sustainable livelihoods and Islamic Economics
