Artificial intelligence and the Cybersecurity Revolution: Innovations and Implications

Aims and Scope:

The aim of this book is to provide a comprehensive overview of the intersection of artificial intelligence (AI) and cybersecurity, exploring the innovations and implications of this rapidly evolving field. The book aims to bring together experts from academia, industry, and government to share their insights and research on the latest developments in AI-powered cybersecurity solutions, as well as the potential risks and challenges associated with these technologies. The scope of this book is to cover the current state of AI in cybersecurity, including the latest advancements in machine learning, deep learning, and natural language processing. The book will also explore the applications of AI in cybersecurity, such as threat detection, incident response, and security information and event management (SIEM). Additionally, the book will examine the potential risks and challenges associated with AI-powered cybersecurity, including the potential for AI-powered attacks and the need for AI-aware cybersecurity policies and regulations.

List of Topics :

- Chapter 1: Introduction to Artificial Intelligence and Cybersecurity
- Chapter 2: Machine Learning in Cybersecurity
- Chapter 3: Deep Learning in Cybersecurity
- Chapter 4: Natural Language Processing in Cybersecurity
- Chapter 5: AI-Powered Threat Detection
- Chapter 6: AI-Powered Incident Response
- Chapter 7: Security Information and Event Management (SIEM) with AI
- Chapter 8: AI-Powered Cybersecurity Risks and Challenges
- Chapter 9: AI-Aware Cybersecurity Policies and Regulations
- Chapter 10: Future of AI in Cybersecurity

Author Benefits:

1. Selected chapters (not all) will be indexed in RSquareL and other indexing platforms including Amazon, Google Books etc.
2. Publication of chapter in book series with ISBN / ISSN
3. Publishing in IIP Proceedings Digital Library with DOI
4. Open access mode of publication in IIP Digital library
5. Optimized searching options to increase the visibility of the work to readers and other researchers which helps in citations.
6. Unique dashboard to Author
7. Easy paper/chapter management system with transparency of the process including peer review
8. One complimentary copy per chapter
9. Certificate to all authors who contributed chapter(s)

Chapter Submission Procedure:

- Step 1: Go to IIP website www.iipseries.org
- Step 2: Register in the portal by clicking on Signup
- Step 3: You can submit chapter at your dashboard or directly through IIP website after you login
- Step 4: Click on submit chapters
- Step 5: Select the book series title along with **Book Series ID** to which you wish to submit
- Step 6: Upload all necessary details along with your chapter in word file format. Refer **IIP Chapter format** at download in IIP Website

Support from IIP to the Editors & Authors

- *Reviewing support from IIP Reviewers
- *Plagiarism checking service
- *Submission management
- *Registration management
- *Individual dashboard

For any queries

Contact: 8839943723

Mail.us: Shanukhare0@gmail.com

Registration Fee: USD 30 INR 2000 which includes processing fee with all above mentioned supporting services, certificate hard copy to all authors ,one complimentary copy of the book series registration
