<u>Chapter – 1</u>

<u>Trends of Management that</u> will lead you to your future <u>destiny</u>

<u>Simplicity of Management :-</u> <u>Definitions along with</u> <u>Functions and their Levels.</u>

Companies as well as organizations need profitable along side efficient management to achieve business goals. There are several theoretical levels of management that strive to organize, coordinate and entertain within the walls of business functions of any companies. If you're seek interest in becoming a manager, you must strive for perfection with your walls as well know the basic like what a manager does. So, without further await let me introduce you to what you must seek before you reach keen peak.

<u>Simplicity and complexity of</u> <u>Management :-</u>

Management is a cycle of planning, organizing and prioritizing the resources and activities of any business merely to accomplish merely any goals in the most profitable and successful manner. Management refers to the completion of merely any tasks simple or hard yet, tasks done in correct manner and at minimum costs. Effectiveness in management relates submission of tasks within specific time intervals to yield satisfactory results.

<u>Characteristics of</u> <u>Management:-</u>

<u>Some keen examples of management are as per</u> <u>the following-</u>

<u>Multi - dimensional:-</u>

Most management oversee and supervise a companies or any organizations service or a production cycle of benefits. Managers may work anigh or alongside and show guidance to the fellow colleges of their team. A manager must consider a staff member both as an individual with unique needs and as a part of the larger group. To be able to grab peoples attention and influence them in a job of a manager, managers influence to their team colleges to apply their diverse strengths toward accomplishing of merely any situation goals.

<u>Dynamic:-</u>

Management is a dynamic function and evolves overtime and adapts to changes in its surrounding, whether they are economic, socio-political or technological. For instance, a paper company could see a decline in sales because of the rapid adoption of screens and digital devices. Whether the company can still survive depends on how effectively its management can adapt to new market requirements.

Objectives of Management:-

Management can have mainly three types of objectives:-

<u>Social objectives:-</u>

To an extent, the management is also very highly responsible for creating as well as providing benefits for their field through their work. Some may incorporate environment-friendly methods of production, while others implement fair wages and opportunities. Larger companies often maintain or fund initiatives that provide basic amenities like healthcare and education.

Personnel objectives:-

The management normally decides the financial salaries, perks and social initiatives for their employees and co-workers. Activities that improve peer recognition and reduce peer pressure as well as likely to corporate outings and holiday bonuses for the personnel's social growth and development.

Functions of Managements:-

The purpose of management is to organize the efforts of different individuals in an group effort which leads them on the journey of success and they achieve and over win their common goal. These are some functions of management:-

<u>Planning:-</u>

Planning involves creating a time intervals in which tasks are to be carried out whether to be complexed or not still must have to achieve a common goal bye building a common ground. Managers must play out their plans. Planning should be carried out in a systematic fashion to avoid wastage of resources, money and time. A detailed plan of action minimizes confusion, risk, wastage and uncertainness or doubts.

Provide Direction:-

Supervising, motivating and leading the staff members is crucial to one of the major priorities for a manager. Leading them into taking their own steps to put their work in motion, profit and maintain productivity to accomplish company's dire goals. This requires an evitable leadership, communication and interpersonal skills to lead their team towards into completing organizational objectives.
