#### AIM & SCOPE

Chemical, Material Sciences & Nano technology book series aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Chemical, Material Sciences & Nano technology. It also provides a premier interdisciplinary platform for researchers, practitioners, and educators to publish the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Chemical, Material Sciences & Nano technology. The field of advanced and applied Chemical, Material Sciences & Nano technology has not only helped the development in various fields in Science and Technology but also contributes the improvement of the quality of human life to a great extent. The focus of the book would be on state-of-the-art technologies and advances in Chemical, Material Sciences & Nano technology and to provides a remarkable opportunity for the academic, research and industrial communities to address new challenges and share solutions and discuss future research directions in the below field but not limited to

Analytical Chemistry

Electrochemistry

**Environmental Chemistry** 

Inorganic Chemistry

Materials Chemistry

Natural Products Chemistry

Organic Chemistry

Physical Chemistry

Sensors

Theoretical Chemistry

Nanostructures Nanosciences Nanotechnology Materials Sciences

Applications

#### **Author Benefits**

- 1. Peer reviewed publication
- 2. Selected chapters will be indexed in RSquareL and other indexing platforms including Amazon, Google Books etc.
- 3. Dual mode publication (One as an edited book with ISBN and another one as a Journal paper with ISSN)
